

EMPLOYABILITY

With a significant network of industry relations and a dedicated on-campus Career Service Support mechanism, SAE is a lucrative source of talent for local, regional as well as international creative media companies.

FACILITIES

In line with the high expectations about the quality and variety of learning environments, SAE's physical and technological infrastructure is something we take great pride in. Equipped with industry-standard, cutting-edge technology and equipment SAE is constantly evolving to impart 21st century skills.

INTERNATIONALIZATION

At SAE, we aim to cultivate a global outlook to offer students the best possible foundation for life and careers in the 21st century. With an ethnically diverse student and staff community, international collaborations and pathway programs, SAE continues to provide truly international experiences to its students while pursuing university studies.

ARTS & CULTURE

At SAE we place art & culture at the centre of our learning ecosystem. To encourage this, we have facilities and the industry network to conduct arts and culture related activities, hosting of events and exhibitions, participation in community and heritage initiatives and much more.

HAPPINESS & WELL-BEING

At SAE, we have an ecosystem which actively facilitates the nurturing of personal wellbeing and professional development of students as well as staff through a combination of well-being related activities, a counselling & coaching support system and voluntary work initiatives.

Apart from the above, we have also scored high on the following fronts:

TEACHING EXCELLENCE

87.3%

Student Satisfaction Rate

RESEARCH & DEVELOPMENT

100%

Recognition rate for all Non traditional research outputs (NTROs) produced

PROGRAM STRENGTH

83%

Student Satisfaction Rate
